## Freshly renovated and high-quality holiday apartment in a good location in St. Moritz for rent

The studio was completely remodeled in 2021. It is characterized by a successful alpine style with lots of wood and modern materials. The apartment has been furnished down to the smallest detail. The kitchen, the dining table and the double bed are in the same room. The entrance area offers a small cloakroom. The bathroom also has a shower.

A laundry room with two washing machines and two dryers and a ski and bike room are available for shared use. The garage space can be booked for a fee.

In winter, the access to the ski slope is in the immediate vicinity. You can reach the piste directly on foot and then ski down to the Signalbahn valley station and from there take the cable car to the Corviglia ski paradise. It is also a good starting point for hikes around St. Moritz in summer. The village center of St. Moritz with restaurants and shops can be reached on foot in a few minutes.
