Move into your own, completely private mountain chalet. Far away from other guests, you can enjoy your very own private wellness oasis in the Chalet. Have a wellness session when you want and how you want, all within your own four walls. Rustic cosiness, contemporary yet timeless. The natural and carefully selected furnishings with rustic design elements create a relaxed holiday ambience.

To switch off the fast life, to arrive, to be there for each other. To cuddle. To talk. To be supported by an ambience that feels authentic and honest. Where families can move a little closer together again, tell stories and spend the best days of the year together or simply enjoy time for togetherness.

The generously and high-quality furnished Premium Chalet on two levels offers around 150m² of living space, enough room for relaxation in its own wellness area, pleasurable experiences in the fully equipped kitchen, a wonderful and restful sleep in three spacious bedrooms and plenty of luxury and comfort in two generously and high-quality furnished bathrooms.

The luxury chalet, built in 2022, has two cosy bedrooms on the upper floor. In addition, a sunny south-west-facing balcony and a lounge under the roof gable invite you to linger. A large bathroom with shower is available for both bedrooms.

The kitchen on the ground floor is fully equipped. Everyone can sit comfortably at the rustic dining table with corner bench and chairs. A cosy corner complements the kitchen area.

The heart of the chalet is the large open living area, where you will find a cosy couch, TV and the open fireplace, which provides cosy warmth and a romantic atmosphere. The ground floor is completed with an additional bedroom and another spacious bathroom. Directly adjacent to the sun-drenched living area is a private terrace and promises indescribable views.

Our underground garage directly under the chalet allows a pleasant, stress-free access. Directly next to the garage is a sports cellar where you can store your skis, bikes or other sports equipment and utensils.

In the main residence, right next to the chalet, you will also find the " Chalet Apartment". A spacious flat for 2 people with a separable kitchen on a living area of around 50 sqm with high-quality interior fittings can be rented additionally. This means that larger groups of up to 8 people can also enjoy their holiday with us.

Are you longing for a place where you can feel completely at ease? Are you looking for a retreat in the midst of the Swiss mountains, surrounded by untouched nature and lovely people? Then you have finally arrived at the Engadin Chalet! There's nothing here that can put you off your guard. Surrounded by the breathtaking mountain scenery in the heart of the Engadin, you can spend your days in company or just for yourself. Because this place makes it possible. It takes you in its arms - but it also leaves you enough space for new exciting journeys of discovery.

Our outdoor hot tub belongs exclusively to our chalet guests. Take a refreshing bath on warm summer days or watch the dance of the snowflakes in the pleasantly warm water. The view is always directed towards the unspoilt Val Bever and lets time simply slip away. The stainless steel hot tub, which is framed in planed larch wood, is directly accessible from the outdoor seating area of the Private Chalet. The heat can already be controlled from inside the chalet. It is great fun for young and old - summer and winter.

Your massage directly in the Engadin Chalet Private Spa! We pamper you privately in a familiar atmosphere directly in the Chalet Wellness. Free yourself from the weight on your shoulders. From all the tension and pressure. Give your body what it needs right now. Relaxing partial and full body massages ensure maximum well-being during your wellness vacation.

We love them: the mountains, the forces of nature, the hospitality and the atmosphere where you feel at home. "Not at home & yet at home" is how it should be. We have travelled a lot and especially through skiing we had the opportunity to visit countless winter sports resorts. So we developed a vision, a clear idea of what the perfect mountain holiday should look like. This with a view to our own culture and tradition, always in search of something special. Always with one goal in mind: to make your most beautiful days of the year truly the most beautiful.

Now we are happy to welcome guests from all over the world so that they can experience something unique: our charming luxury chalet in the heart of the most beautiful high valley of all: the Engadine.
