Unique place to stay that combines traditional charm and contemporary flair. This exquisite accommodation is situated on the ground floor of Chalet Fabiola and has enough room to house 6 guests in all comfort. Throughout the apartment, the interior is finished with natural stone and the finest wood: two materials that accentuate both the traditional and contemporary character of the space.

The atmosphere you'll find yourself immersed in as soon as you enter the apartment is unmistakably Alpine. The apartment has a pleasing L-shaped floorplan, and the dining room, kitchen and seating space seamlessly flow into one another. The kitchen is fitted with the latest new appliances, and the island and splashback are tastefully finished in dark natural stone. An oval wooden table comfortably seats 6. Stunning pieces of furniture and elegant artworks add a stylish touch to the entire living space.

The superior level of comfort and finish extends into the seating space too: a beautiful, modern sofa and two inviting armchairs create the perfect space to relax after a day on the slopes. The contemporary electric fireplace with glass panels adds an extra touch of cosiness to this space, and the large, flat-screen TV means an evening exploring Netflix is always an option. Apartment has 3 double bedrooms, 3 bathrooms and 2 spacious patios. Stylish furniture, tasteful lighting and a fine selection of art add the finishing touch to this luxury apartment.

Our wellness space offers a genuine haven of relaxation. During your stay, you'll have access to a spacious sauna, an inviting massage room and a complete gym. In other words, you'll be surrounded by everything you need to pamper your body and mind.
