Built into the mountainside above Patier, Chalet combines the latest design and technology with a beautiful interior and fantastic facilities.

Set high above Verbier with commanding views over the Verbier plateau and surrounding peaks, Chalet is without doubt one of the most desirable properties in the Alps. Accommodating eight adults and two children in four beautifully designed en-suite bedrooms, this 365m² chalet is the ideal venue for a luxurious family holiday.

The entrance to the chalet on the first floor leads to a stylish open plan living and dining area. Here you can relax on the comfortable sofas in front of a blazing fire whilst admiring the astounding views through floor-to-ceiling windows and listening to music streamed through the integrated Bowers and Wilkins sound system. There is also a well-equipped kitchen and a spacious terrace for sunny days.

With fur throws and mountain views, the chalet's four bedrooms offer the ultimate sanctuary. The top floor of the chalet is dedicated to the master bedroom which has its own private balcony. On the floor below are a further two en-suite twin/doubles, each with access to a large terrace, and a quad bunk room.

The ground floor is home to a private spa with huge glass windows and doors opening onto a terrace with an outdoor hot tub. You can also take a dip in the indoor swimming pool, relax in the hammam or work out in the gym. Also on this level is an impressive wine cellar and a cinema room.
