Amazing and cozy chalet in the slopes Verbier

Situated in a peaceful spot in the Plan-Praz area of Verbier, Chalet offers the best of both worlds combining privacy with proximity to the main lift stations of Medran and Savoleyres which are just a few minutes drive away. Beautifully designed with real attention to detail, the chalet exudes Alpine style with exquisite furnishings and eye catching art adorning the natural mineral walls. This exceptional chalet is able to accommodate fourteen guests in seven bedrooms, with room for two children in a bunk room which is available on request.

The first floor is home to the main double-height open-plan living area with sumptuous sofas surrounding a TV and stone fireplace, tailor made for relaxing after a day on the slopes. Floor-to-ceiling windows flood the room with natural light and provide access to an extensive south and south-west facing decked terrace, offering views of Combins and the Mont Blanc massif.

There is also a dining room and well-equipped kitchen in this open-plan space.

Welcoming you after a tiring day on the mountain is a small wellness area on the ground floor with a sauna and massage room. An outdoor hot tub on the first floor terrace is the perfect place to relax whilst admiring the mountain views. A second sitting room with a large screen, Wii, Xbox and selection of games and toys is the ideal place for children or teenagers to hang out.

Chalet has seven super-king/twin bedrooms, plus a bunk room with shared bathroom. The top floor of the chalet is dedicated to an office and the master bedroom which has an en-suite bathroom.
