Cozy chalet in Verbier for rent

Situated in La Tzoumaz, adjacent to Verbier and in the heart of the 4 Valleys ski system. Enjoy the experience of Chalet which combines the luxury of an exclusive boutique hotel with the traditional feel of an Alpine ski lodge.

Situated in La Tzoumaz, adjacent to Verbier and in the heart of the 4 Valleys ski system, the chalet offers breathtaking views over the Rhone valley and beyond. It is a uniquely spacious place both for families and groups.

Regarded by House and Garden as 'one of the top 5 luxury family orientated chalets', the chalet has been built to the highest specification in a traditional style but with a contemporary interior – offering every comfort and facility to the discerning skier.

The chalet is spread over two floors perched on the side of the mountain. Access is directly from the piste by a small private funicular lift which will also deliver you from the road to the front door. For those who prefer not to take advantage of the easy ski in: ski out, the chalet is located just 100 m from the main ski lift, so no problems with easy access.

The chalet sleeps up to 12 people in 5 en-suite bedrooms and also has a superb leisure spa room with sauna and hammam, adjacent to the large secluded outdoor Jacuzzi.

The chalet sleeps up to 12 guests in five generously sized ensuite bedrooms, all of which have panoramic mountain views and are named after famous Swiss resorts.

Verbier is the master suite. Central to this is the unique superking bed. Hand crafted from locally sourced Arolle mountain larch trunks, specific to the region, the size of which required the bed to be delivered by helicopter, it is positioned to make the most of the 42" TV and the view through the floor to ceiling windows. It promises a great end to your day. The mountain vista is also seen from the large walk-in ensuite shower and double ended bath and a wide balcony allows complete seclusion.

Zermatt, Klosters, Gstaad are all individually furnished double bedrooms, each with an ensuite bathroom and toilet having both bath and shower and heated towel rails. All rooms have masses of built in wardrobes space for bulky ski gear and a balcony. Hairdryers are also provided in each room, as well as a safe. Every room has its own TV with attached Apple TV box which guests can use with their own Apple login.

St Moritz contains 2 full-sized twin bunk beds ideal for children or adults who wish to share in addition to an ensuite shower room and toilet.

Voted by House and Garden as one of the top 5 family oriented luxury chalets, Chalet is a haven for the little ones. There is a small den area with books, games and a Wii to put smiles on their faces when they want to come indoors. The kids can also play in the garden, building snowmen or igloos depending on their talents.

A proper ski holiday should offer freedom to do what you want when you want. The real luxury with Chalet is that you have everything offered by the finest hotels without having to conform to any of their rules.

The chalet has been designed by a team of architects and interior designer Hugh Berry, whose c.v includes Fortnum and Mason and Scottish Home of the Year 2020, utilising stone, wood and steel to create a harmonious light-filled space perfect for relaxing in. Together with input from local mountaineers they have created a unique space incorporating the best of luxury and Alpine charm but with some quirky touches.

The sleeping accommodation is downstairs while upstairs is a superb 100m2 open plan living room/ dining room and kitchen with floor to ceiling picture windows guaranteeing spectacular views and plenty of room to relax. A roaring fire links the dining room and lounge areas and the open plan layout allows you to watch the chef in action.

The secluded outdoor jacuzzi can seat 6 people with great views over the valley. It is located immediately adjacent to the relaxation spa room containing the novel Sanarium™ sauna system which allows for a combination of heat therapy from traditional sauna through tropical rain forest to steam room.
