This is an exclusive 630m² luxury Verbier ski chalet accommodating for groups of 10 guests. Featuring open interiors, high ceilings and sensational, south-facing mountain panoramas, all synonymous with a luxury ski holiday in Verbier, Chalet also showcases an incredible 12m indoor swimming pool and further wellness facilities that are sure to impress.

From the moment you enter, you will be welcomed by extensive, vaulted ceilings and an open-plan layout, oozing space and eclectic artwork. A double-jointed fireplace sits in the centre of the room, bringing an inviting warmth to the room, as well as splitting the lounge area apart from a cosy library-office space. Perfect for relaxing after a day on the slopes, the leather sofas and comfortable armchairs have been arranged to fully maximise the sublime Verbier vistas sprawled across the south-facing feature window wall. Towards the back of this floor, avid readers will be thrilled by an expansive wall of books, also hiding a secret bookcase door to a WC. An adjacent desk creates an ideal work-from-home environment, within ear distance of post-ski conversations happening in the main lounge.

Around the corner from the lounge, lies an open kitchen-dining area. Contemporary artwork decorates the walls in this space, an elegant setting to indulge on the heavenly meals prepared by your chalet team as a whole group. The open, fully-equipped kitchen enables guests to enquire about the chef's culinary skills, to be used on return from your ski holiday. Chalet south-facing, wraparound balcony poses a true mountain setting for an alfresco dinner, during more favourable weather conditions, perfectly accompanied by a glass from the chalet's wine cellar.

The real wow-factor comes from Chalet wellness facilities. An expansive 12m indoor swimming pool, situated on the lowest garden level, is a real chalet masterpiece. Light wooden ceilings and serene spa-like tiles perfectly compliment each other in an abundance of natural light, making it a great space for all ages to enjoy, and the adjoining TV sofa area is ideal for parent's supervising. There is also a separate kitchen-

dining room, ideal for meetings on corporate ski holidays or just for refuelling from a post-ski swim! The terrace outside, in front of the swimming pool, will let you continue your relaxation in the sunken hot tub. An additional Hammam and shower complete the list of spa facilities.

A snug cinema room is also found on the same floor as the swimming pool, allowing you to settle in for a movie marathon in comfort. In the spacious hallway, a self-playing piano lets you travel between the chalet's facilities to a classical ambience.

Chalet sleeps up to 10 guests across 5 double en-suite bedroom, each illuminating an individual style, yet all offering a cosy and comfortable atmosphere for your night's sleep. The master bedroom, occupying the whole of Chalet top floor, is by far the standout. Situated under the eaves of the property, this room is accessed via a sweeping stone staircase and comes complete with a private balcony, offering commanding views, and beautiful marble-clad en-suite bathroom. The remaining four bedrooms are located on the chalet's lower ground floor. For flexible group arrangements, two of these can be split into double/twin configurations.

For those groups driving to their luxury ski holiday in Verbier, Chalet has space for 2 vehicles within its garage.
