Luxury Chesa / Chalet Polar rental in St. Moritz

Luxury Chesa / Chalet Polar is a unique luxurious chalet, in the heart of the Engadine Valley, located in the village of La Punt. Recently built to the very highest standards, this beautiful luxury chalet is a rare rental opportunity. The owner has, in fact, only recently decided to open his home to discerned clients. The whole property has a distinctive coherent style that creates a warm, yet austere atmosphere. The dark brown wood used for floorings is perfectly matched with the light painting on the walls throughout the chalet. The elegant décor is complemented by a contrasting presence of orange colours in the living and dining areas, as well as a few more touches of colour: yet another signature of the creative owner.

This amazing and luxurious property can welcome up to 12 guests in 6 en suite rooms distributed on two floors. 5 of them are double rooms while the 6th room is a twin. Three further rooms are available for staff in the lower ground floor. The large living area has several corners where guests can enjoy each others company around the fireplace or read a book savouring beautiful views of the surrounding mountains.

Once at home, after a skiing day or a shopping mission, you won't feel the need to venture anywhere else: your day will be perfectly complemented with a relaxing spa session or a quick round in the large and state-of-the-art Technogym gym, the hammam or the generous plunge pool, with jacuzzi.
